Summary

I'm a Web Developer, ready to bring fresh ideas and polished design to real-world projects. Skilled in crafting responsive, user-friendly websites with a strong focus on UI/UX excellence. Eager to contribute creativity, technical expertise, and problem-solving skills to help teams deliver outstanding digital experiences.

Skills

Front-End: HTML, CSS, JavaScript, React and Tailwind
Other Tools: Git, GitHub, Canva, Microsoft Outlook, Google Workspace, Kanban
Soft Skills: Communication, Team-Collaboration, Organization, Strategic Planning

Experience

MEST Africa – Web Developer
Accra, Ghana-2025

- Built responsive websites and applications with HTML, CSS, JavaScript, and React
- Practiced UI design fundamentals with tailwind

Ghana Armed Forces – National Service Personnel
Nov 2023 – Sep 2024 | Accra, Ghana

- Created and maintained internal documentation using MS Excel and PowerPoint
- Coordinated team operations and communication
- Supported planning and execution of institutional events

Internship (Beyond The Line) – Web Developer

- Collaborated with team members on front-end projects.
- Improved problem-solving through working with HTML, CSS, JavaScript, Tailwind, React, and teamwork tools

African Leadership Xcelerator-Virtual Assistant Program
Aug 2023 (Remote)

> **Key responsibilities:**

- Delivered services including inbox/calendar management, customer service, and data entry
- Administrative Support
- Personal Tasks, Meeting Agendas and Internet Research.

Projects
